Children Of Morta-HOODLUM FIXED. Henbeiro 2021. 5 24. 12:59. The game is an ARPG/Roguelite pixel art that focuses on the story. The unique moment is that you . Children of Morta is an indie RPG adventure game. The game is pixel art with Roguelite elements that focuses on the story. Unlike another indie game, The Banner Saga, the authors of Children of Morta created their own engine, not the Unity3D engine. They think that Unity is just a game creation tool, and if you want to make games, you have to make your own engine.They say that Unity3D is just a tool for creating games, but not themselves.
