Unlock a locked map so . Garmin Image Unlock. What is this bar and all my junk beneath it? It says it's under Garmin-MapSource folder but I can't get into it. I've restarted my machine many times. It says it failed to extract the zip file. it's marked out of date. go to c:\windows and delete it. Hi I have downloaded odl and tried to use this tools for img unlock. but it says "what is the file type of this file. (INVALID FILE TYPE). please help, thanks. I have used imgunlock to unlock the gps map file I got from Garmin. However, when I tried to open the file on my Garmin 400, the program just says "Garmin map image file load error" and then closes. I have downloaded and used oregon600, instead, after over 4 hours of searching I was able to get oregon600 to work on my Garmin Vivoactive HR. For some reason oregon600 is unable to open the gps map file that does not lock properly, which ends up crashing oregon600. I really hope that this will help others. I used imgunlock to unlock my pre-owned Garmin eTrex watch that I bought from eBay! I successfully used the program. If you get a blue screen error or something, just unplug the watch from your computer and plug it back in while it's in the same place and the error should go away. Download the program "imgunlock.exe". When you open the program, you will see a message, "No Garmin map image file found". Click the "GARMIN" button. The program will then automatically unlock the file that it finds. Afterwards, you may open it and view it on your watch. The program will start a "snapshot". The snapshot shows a small black square. To save your initial view of the map, click on the "snapshot" tab. Click "SEND TO GARMIN" and then choose what map you want to send it to. Select "my.garmin" for Garmin Connect, "Garmin.com" for Garmin Connect Mobile,
