What's New in the XCard360?

xCard360 is a small tool that allows you to view Xbox Live member profiles. There are three components to the app: 1. A simple click of the mouse or simply copy and paste URL's and it will take you directly to your profile. 2. The main page of the xCard360 Website. 3. The xCard360 Data Sources. It is important to note that all account information returned by the xCard360 application uses the "Live" API to request Xbox Live account information. By using a Live API, xCard360 is able to match all the data it has collected about you against your Live account to ensure that you only get information about your account and nothing else. xCard360 is provided as-is and there may be a small charge from Microsoft for your Live account. xCard360 Pricing & Licensing: 1-3 Users – License $5.00 each license or $20.00 for 3 licenses 4+ Users – Licenses $20.00 each license 4+ Users – If you are using the sample xCard360/Website application for this evaluation, you will not be charged anything. For more information about our License and Pricing agreements, please visit: xCard360 FAQ's: Overview: This application allows you to add and remove your Program IDs from the Xbox 360 without having to type in a long string of XBLUs and letters. Program IDs are listed in the console when you login to a LIVE account, and can be added, removed, and updated from the Xbox 360 front-end. Requirements: .NET Framework 2.0 or greater To install the application: ☐ From Visual Studio, right-click on the project and select Add->New Project ☐ Select "Console Application", "Windows Forms Application", "Class Library" ☐ Select the type of installation you want ("Install", "Any CPU", "x64", etc) To run the application: ☐ Run the project ☐ Select "Add" ☐ Type in the Program ID as desired. Once done, select "Add Program ID" ☐ Repeat steps 3-4 for all Program IDs you want to add to the console
