Sooner or later they'll turn on you. Soundwave's object was to make sure Megatron would be cast out of the Autobots again, but Optimus Prime was still skeptical, so Soundwave had a plan to convince Optimus. Prime World: Defender 2 Ativador Download [hack] Megatron told Soundwave that they had found the lost Autobot colony, and Optimus Prime rerouted all of the Decepticons, including Starscream, to the planet. ### **Prime World: Defenders 2 Ativador Download [hack]**

The battle raged on, and Laserbeak soon returned with the real Iacon relic Soundwave had dropped. Soundwave noticed that none of the devices on Optimus Prime's invisible car could track him, but he set an ambush to get Prime. A seeker named Grimlock was assigned to await Soundwave, but he soon left his perch and found the leader of the Autobots. Soundwave noticed that he was unarmed, so he dispatched Laserbeak to attack the seeker, and Soundwave examined Prime's invisibility cloak. When Prime tried to sneak a shot, Laserbeak intercepted it, and Soundwave taunted Optimus Prime that he would not get away from Laserbeak. Prime made a deal to fight Laserbeak and promised he'd surrender the Autobots if he lost. Laserbeak made that easy for him, and Prime surrendered his team to Soundwave. Soundwave and Optimus talked a bit, and the latter revealed that his new Alpha Omega arc rifle was a stable Excalibur-looking thing. The Autobots were also curious to find out where Optimus had kept the Matrix, and Optimus explained that when he found the Matrix of Leadership, he felt compelled to give it to them. He then activated Optimus Prime, and the Autobots were transformed. But as soon as the Landmaster activated, Megatron sent the Dark Stars of the Fallen to attack Optimus Prime's team. Optimus didn't hesitate for a second, though, and transformed into Brawl before engaging the Fallen. The Autobots resisted

for a brief while, but Optimus's superior firepower and speed proved too much for the Fallen, and with Brawl commanding them, Optimus's team finished them off. They were greeted by Soundwave and he informed Optimus that they were now operating under Megatron's supervision. Optimus agreed to that, but he also demanded that Optimus get back to the Autobot base. Optimus was ready to fight, and Soundwave determined that they would hit Megatron's ship while they had the chance. Soundwave and Optimus Prime charged over to the Fallen, and Soundwave tried to get in position as Optimus Prime and Barricade charged him. Optimus immediately succumbed to the force and was caught up in the blast that turned him into a ball. Megatron then unleashed the Dark Star Saber and flew off, and Soundwave tried to explain the circumstances of Optimus's death to the Autobot team. Grimlock took it upon himself to try and rescue Optimus, but he was shot down. Optimus awoke to reality, and realizing the void he stood in, Optimus decided to take his team and go back to the Autobot base. Optimus Prime 5ec8ef588b
